LET'S DEEP DIVE IN WHAT ELDER KNIGHTS OFFER!

Elder Knights is a collection of 2222 unique and randomly generated NFTs, residing in Hægård, in the Universe of Solana.

Elder Knight NFT doubles as a citizenship which grants access to our services in a better and more customizable experience.

Those have a great look but most important stats, those will be important, since we are building a table game that will be playable with standard characters or your own NFT.

Encore : Elder knights' comic book platform

Encore will be our main service, it will be a platform where indie artists will be able to sell their comic book and profit from them.

It can be a good chance to show discover new comic book artists and writers and for them can be a good chance to profit from their work without having to invest big capitals or find a publisher.

Here you will also be able to read our own comic book wrote, designed and drown by us.

Elder knights : Table Game

The table game is a new experience of table game.

In the same box there will be two different table game inside!

- **PVP:** is perfect for faster matches and having fun with friends, compete and solve your quest, before getting killed from another player or worse.
- **Elder Master:** some campaign and characters will be available in our Elder Master Lore, one player will be the Elder Master and final Enemy.
- **Elder Master App:** You will be able to play Elder Master campaigns all together, the final enemy will be the App

Knights Over!

Knights Over! Will be our platform game for mobile, to keep elder knights with you and have fun when you are bored.

Game experience will be heavily impacted by owning NFTs for exclusive skins.

Knights Market

Knights Market will be our e-commerce where we will sell all our physical products:
